THE EOA

As a membership organisation we support businesses to explore and transition to employee ownership as well as grow and develop as employee owned businesses.

As the leading voice for employee ownership in the UK we work in close partnership with our members to champion, promote and provide insight into the business case for more employee ownership as part of our mission to grow the sector in the UK.

“As a strong believer in the value and culture of employee ownership the EOA offers us a powerful platform from which to champion employee ownership with a collective voice as well as a network for learning, sharing best practice and celebrating EO with like-minded businesses.”
