## THE EOA

As a membership organisation we support businesses to explore and transition to employee ownership as well as grow and develop as employee owned businesses.

As the leading voice for employee ownership in the UK we work in close partnership with our members to champion, promote and provide insight into the business case for more employee ownership as part of our mission to grow the sector in the UK.

“The EOA were immensely supportive in our journey to employee ownership, putting us in touch with other businesses from the sector who could provide invaluable advice and support drawn from their experiences of transition.”

Emma Russell, Finance Director,
