

EOA Regional Network Meeting Notes

Regional Network Meeting: Q3 South East

Host: The RM2 Partnership, Bloomsbury, London

Date: 25/09/2018

Facilitator: Jamie Pyper, Conscious Business People

A great turnout again with 70 people signing up so we were at capacity again. Our hosts, Nigel Mason and RM2 made us feel very welcome in their offices in a lovely part of central London, with excellent refreshments and a warm and welcoming atmosphere.

We tried another small variation in the session this quarter with a very interesting presentation all about mental health in the workplace from Nick Davison of John Lewis Partnership, followed by some Q&A.

Next came Oli and news of the many developments and forthcoming events from the EOA.

Next, we ran a short workshop incorporating speed networking focused around employee participation in the democratic process.

We then moved to the regular open space segment where a broad selection of issues were discussed. However, from now we're encouraging those who want to discuss these subjects further to add them to the EOHub forums, so the conversation can continue.

Finally, we were treated to drinks and hospitality by Nigel Mason and RM2 until 7.30ish.

The slides from the session including the John Lewis Partnership presentation for those interested are here: <http://employeeownership.co.uk/events/eoa-regional-networks/>

I'm requesting input for future sessions or from anyone who would like to be involved in the growth and development of the South East Network.

Contact me on the EOHub or at jamie@cbp-uk.com or 07769 882245. Also if you have any questions or ideas for how to improve the network, please get in touch.
